PROFESSIONAL SUMMARY

Computer Science student with hands-on experience in React and basic backend integration using Firebase. Built and deployed multiple web applications with responsive UI and authentication features. Currently expanding backend expertise by learning the MERN stack.

EDUCATION

Bachelor of Computer Science Engineering (2023-2027) – CGPA: 7.6

Adhiyamaan College of Engineering.

Diploma in Computer Science (2020-2023) – CGPA: 9.0

Er. Perumal Manimekalai Polytechnic College.

SKILLS

- Frontend: React.js, HTML5, CSS (Flexbox, Grid, Responsive Design, Tailwind)
- Backend: Firebase (Basic), MongoDB, SQL | Learning MERN Stack.
- Tools: Git, GitHub, VS Code, Netlify.

PROFESSIONAL EXPERIENCE

Freelance - Web Developer | Assuvar, Tamil Nadu, India. Jun 2025 — Nov 2025

- Implemented client-side routing using React Router.
- Improved navigation flow and reduced page transition complexity in single-page applications.

Intern – Web Developer | Friendzion Technologies Tamil Nadu, India. Dec 2023 — Jan 2024

- Developed 5+ responsive web pages using HTML, CSS, and JavaScript.
- Assisted in building reusable front-end components, reducing repeated UI development effort.

TECHNICAL HIGHLIGHTS

- Built and deployed 4+ responsive web applications using React.
- Implemented authentication and database integration using Firebase.
- Familiar with REST API integration and SPA

PROJECTS

Athlete-harmony Hub (Prototype) | TypeScript, Firebase

- Developed a prototype web application to monitor manually entered health data.
- Displayed health data on a dashboard interface.
- Integrated Firebase for data storage and retrieval.

E-Commerce Website | React, MongoDB, Firebase

- Developed a responsive clothing brand website.
- Implemented dynamic cart and product listing for 20+ sample products.
- Structured component-based architecture for scalable product management.
- Integrated basic backend and database.

Placement Management System | React, Firebase

- Created student placement tracking system.
- Implemented secure authentication and role-based access control using Firebase.
- Managed structured records using Firebase Firestore.

Personal Portfolio Website | React

- Designed and developed my personal portfolio website.
- Showcased projects, skills, and GitHub links.
